Commissioner for Patents

The reply to the restriction requirement filed on 1/28/2008 is incomplete as it fails to include the election of one of the numerous inventions set forth in the restriction requirement mailed on 9/26/2007. Applicant is requested to elect a single invention for prosecution on the merits. While Applicant has elected Group C, Applicant is reminded that there is no Group C but rather Groups C1-C124807250385. Thus, there are 124807250385 inventions which are C inventions. See extensive discussion of what is encompassed in each one of these groups on page 5, item 5, of the restriction requirement. Applicant is reminded that a single invention has to be elected for further consideration. Since the submission appears to be a bona fide attempt to provide a complete reply to the prior Office action, applicant is given a shortened statutory period of ONE MONTH or THIRTY DAYS from the mailing date of this letter, whichever is longer, to submit a complete reply. This shortened statutory period supersedes the time period set in the prior Office action. This time period may be extended pursuant to 37 CFR 1.136(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Delia M. Ramirez whose telephone number is (571) 272-0938. The examiner can normally be reached on Monday-Friday from 10:00 AM to 6:00 PM. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Dr. Nashaat Nashed can be reached on (571) 272-0934. Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is (571) 272-1600.
